

Batheaston Church School – Continuation of Learning

In line with government guidelines, your child's teacher has put together a selection of activities to provide a balance of learning during this period of closure. Please complete as many as possible, using the exercise books sent home when required, and bring the outcomes into school when we re-open. We are sympathetic to the fact that in these unusual circumstances, parents may have work commitments to balance with child care and that this may place pressures on the time available to support your child with this. Please just do as much as is manageable.
