## Cherry Class Newsletter

A lovely fun-filled week!

Last week we spent a lot of time outside for Art and Science. We are currently learning about wildflowers and garden flowers and last week we went on a wildflower scavenger hunt identifying the different varieties that we have in school. In Art we collected some beautiful leaves and twigs in Mike's Meadow and brought them back to the classroom to create beautiful prints. This will lead us to learning about William Morris this week. This week we have planned more outdoor lessons but the weather is not looking great so these might be adapted slightly. However, please ensure your child is bringing a waterproof coat into school every day.

The children have really impressed me in maths this week. I ended up giving all children a maths sticker to celebrate their incredible determination this week as we have started to learn a very difficult concept as a way of introducing multiplication. The children have learnt how to make and understand arrays as a way of multiplying. This week we continue with this learning and introducing halving and sharing.

This Friday we will say goodbye to Chloe and Lilly who have been with us since March. They are only in their first year of studying Education at UWE but they have excelled in every area and have taught high quality and engaging lessons. They have both built good relations with the children and have supported them brilliantly. We wish them all the best for their future in Education.

Have a lovely week!

Georgie and the Cherry Class Team.

Last week's teacher awards were awarded to **Enid** for excellent learning behaviours and **Joe** for showing great enthusiasm for learning.

The Star of the Week was:

**Mia**
