

# Maple Class Newsletter

05/09/25

We have had a short but brilliant first week back in Maple Class. All the children have come back full of enthusiasm for the year ahead.

We started the new term thinking about our goals for Year 5 and what we wanted to achieve both inside and outside of school. These have made a beautiful display in our classroom that we can refer to throughout the year.

This week we have also started some of our work in music, working in groups to compose our own pieces to narrate a nature documentary. We had a wonderful session sharing these performances (clearly Maple Class has some very talented musicians!)

The week then ended with an introduction to our new topic on Vikings and Saxons and a fabulous basketball taster session, which has hopefully encouraged some of us to take up a new skill.

We look forward to another full and fabulous week starting Monday!

Have a lovely week!

Katy and Maple Class

## This week's awards

Teacher awards:

Maths:

Presentation:

Star of the week:

**\*No celebration assembly this week!**

## Next week's learning

**Maths:** Understanding place value up to one million & multiplying/dividing by 10, 100, 1000
