24/10/25

What a brilliant first half term!

In Maths this week we've been working hard to multiply by 2-digit numbers, focusing on clear presentation and carefully reading the question to allow us to tackle challenging problems. Everyone has increased their confidence across the week and should be really proud of their perseverance as this is a tricky skill!

In English, we ended the week with some free writing opportunities, allowing us to choose our own writing style. We had a range of poems, stories, newspaper reports and diary entries, all based around a picture of a very tall giraffe! As always, I was blown away by the children's ideas, enthusiasm and creativity.

In Art, we spent Thursday afternoon making our own looms to practise our weaving skills, taking inspiration from intricate Viking tapestries to create our own designs. They all look fabulous! RE and History were also full of excellent discussions this week, where the children built upon or challenged each other's ideas to develop our oracy skills.

Have a lovely half term break!

Katy and Maple Class

This week's awards

Teacher awards:

Emir & Leo A

Star of the week: Jayla

Next week's learning

Maths: Using multiplication to calculate area

English: Writing: Recount texts (Moon Landing model text), Reading: "Anglo Saxon Boy", Spelling: Silent letters

Science: The Solar System

Topic: Historical sources

RE: Religious scripture

Reminders

PE Days this week:
Monday & Wednesday
