

Hazel Class Newsletter

Date: Monday 10th November

Dear Parents and Carers,

The children have been working hard as usual!

In maths, we've been applying our understanding of column addition and subtraction to two-step word problems. In writing lessons, the children have been crafting impressive narratives filled with suspense and vivid detail.

Homework

A big thank you to all the children for keeping up with their homework and handing it in promptly—fantastic commitment!

Pantomime

The children enjoyed a performance of *Jack and the Beanstalk* put on by a touring theatre company. They particularly loved joining in with familiar songs throughout the show.

Thank you, as always, for your continued support.

Sarah
