

Hazel Class Newsletter

Date: Monday 24th November

Dear Parents and Carers,

The children have been busy creating more amazing art masterpieces! Last week, they produced beautiful collage artwork inspired by Claude Monet's famous *Water Lilies* painting.

This week in maths, we'll be focusing on the 9 times tables. We'll be counting in 9s and 90s, with the latter linking to the number of degrees in a right angle—90 degrees.

It's that exciting time of year again—the Christmas play! Scripts and song sheets have been sent home, so please support your child in learning their lines and lyrics. A letter about costumes will follow soon.

Finally, a big thank you for sending in your Jolly Jars for the Christmas Fair. Your contributions will help us raise funds and make the event a great success!

Best wishes,

Sarah

Learning last week

Maths: Time and 6 times table

Art: Monet collage

PE: Handball & Dance

Writing: A Finding Tale

Times tables: X6

Upcoming Dates

Christmas Fair:

Saturday 29th November

PE: Tuesday & Friday

Times Table focus next week: **x9**
