

Maple Class Newsletter

28/11/25

What a great week in Maple!

In Maths this week we have moved onto our new fractions unit. We've been working hard to find equivalent fractions and decimals, using our hundred squares to help us. I've been really impressed with the problem-solving skills and determination everyone has shown to solve our challenge questions!

In Guided Reading, we've continued to look at our newspaper article about the 1969 moon landing, thinking of questions we would have liked to ask the three astronauts in preparation for a hot-seating lesson next week. Who will take on the role of Buzz Aldrin, Michael Collins and Neil Armstrong?

Thursday morning was a real highlight of the week, as both Apple and Maple classes were visited by the Bath Astronomers to experience an inflatable space dome! We saw projections of the constellations, moon phases and even some real footage taken from the International Space Station. It was fantastic start to our day!

Have a lovely weekend!

Katy and Maple Class

This week's awards

Teacher awards:

Dottie G & Arlo

Star of the week: Peony

Presentation: Daisy

Next week's learning

Maths: Continuing fractions

English: Writing: New fiction unit on warning tales, Reading: Moon Landing newspaper article, Spelling: adverbs of possibility
