

Oak Class Newsletter

What happened this week:

We are off and running with a new term and already through the first week back. This is always a bust but exciting term as we approach the Christmas period. Our first treat was the pantomime from M&M production of Jack and the Bean Stalk. The whole school had a great time interacting with the show. We also started our first forest school session with Creative roots this week. The whole class had a great time playing games, exploring nature and craft in the meadow. We have two more sessions in the next few weeks. Please make sure that your children have a spare change of shoes and warm clothes for these sessions. Other highlights this week was concluding our science experiment from last term. We were working in groups to answer the question: What are the best conditions to grow mould? The pupils had a great time observing and concluding their experiments.

Teachers awards this week:

Star of the week: Luca

Awards:

- Bailey
- Charlie

Presentation: Olivia

Key dates:

PE Days: Monday and Wednesday

- Forest school session Tuesday
- KS2 disco (14th November)
