

Oak Class Newsletter

What happened this week:

This week we had our last forest school session with the guys from creative roots. It was a cold morning in the meadow but the whole class enjoyed toasting marshmallows, fire lighting, den building and hand knitting. Even though our sessions are complete, we will still be visiting the meadow on our Friday afternoon sessions to continue some of the great work we have done in our creative root's sessions.

In class we have completed some statutory maths assessments this week. This is to find out how the children are getting on and any gaps they might have. The pupils have done well and have done their best in all assessments to show what they do and don't know.

Next week we have our class assembly based on our value of hope. If you are able to attend, then you are more than welcome to come along. Next week is also exciting as we start our DT week. The pupils have been designing a buzz wire game which they are going to build in the afternoons. This project involves lots of knowledge from lots of different subjects. Such as DT, science and computing. Once we have finished, I am sure there will be an opportunity to come into class and try them out.

Teachers awards this week:

Star of the week: Bailey

Awards:

- Eloi
- Lewis

Presentation: Isabella

What we're learning this week:

Maths: Coordinates, graphs and statistics

English: Writing a suspense story.

DT: DT week. We will be creating a working buzz wire game.

Key dates:

PE Days: Monday and Wednesday

- Oak class assembly (Monday 24th)
- Hockey @ Bath uni for selected pupils.
