

Hazel Class Newsletter

Date: Monday 18th May

Dear Parents and Carers,

It has been another busy and positive week, filled with enthusiasm, curiosity and engaged learning across the curriculum.

In English this week, the children produced some fantastic descriptive writing linked to our portal stories topic. They demonstrated great creativity in bringing their settings to life, using vivid vocabulary and imaginative ideas to engage their readers.

In Maths, we have continued our work on converting units of time. The children have been practising converting days into weeks using their knowledge of the 7 times table, as well as converting between months and years. We have also been using the 12 times table to support this learning, and it has been encouraging to see the children applying these skills with increasing accuracy.

In our RE learning, we were very fortunate to learn alongside Freya, who shared her knowledge and experiences as a Hindu. The class learned about important festivals such as Diwali and Holi, exploring their meaning and significance within Hinduism. The children listened thoughtfully and asked some brilliant questions, deepening their understanding of different beliefs and cultures.
