

Hazel Class Newsletter

Date: Monday June 22nd & 29th.

Dear Parents and Carers,

Last week, we began our writing with a lively opening paragraph centred on a jealous dog. The children explored how a character flaw can drive a story, using excellent description and “show, not tell” to reveal the dog’s jealousy through its behaviour.

In maths, we completed some low-key online assessments to gauge how much arithmetic and reasoning learning the children have retained. It was pleasing to see growing confidence and resilience as they tackled a range of questions.

Sports Day was a real highlight of the week, with an exciting gladiator theme. The children showed fantastic determination and teamwork throughout the morning. The throwing events, agility arena, and the lightning lap were brilliant additions this year and brought great energy and enthusiasm.

This week, we estimated and measured perimeters in the playground for maths,

We were also treated to a fantastic Samba Workshop on Friday morning!

Learning last week

Maths: Revision &
Fractions

Writing: Character Flaw
Stories.

Dates

PE: Tuesday & Wednesday

Shuffle up day: Thursday

Avebury Trip: Wednesday

8th July
