

Oak Class Newsletter

What happened this week:

Week 2 has come and gone, with only 5 and half weeks left the end of year workload is increasing! (in a good way!). Most the pupils have now had a visit from their new secondary schools. It is an opportunity to pass on information about your child to their secondary school and for them to meet the transition officer who will be involved throughout their year 7 journey. Last week Batheaston hosted a tag tails festival for year 3 and 4 against Bathampton and Bathford. Our Year 6s came down for the morning to help officiate the event, they worked in groups to make sure that there were the right number of players on the pitch as well as keeping score. They were brilliant and worked fantastically well in their groups offering encouragement and support to the younger pupils of all three schools. Next week we will be looking to sports day, another major event for year 6 as they play an integral part in running the morning and ensuring it runs smoothly. (I've added some more pictures of Bude as there are still so many that you have not seen.)

What we're learning this week:

English: Bude Recount
Maths: mini projects
Science: healthy lifestyle
PE: Athletics

Teachers awards this week:

Star of the week: Aoife

Awards:

- Skye
- Nathan

Presentation: Olivia

Key dates:

PE Days: Monday and Thursday

Sports Day (18th June)
