

Oak Class Newsletter

What happened this week:

As week 3 finishes some more events and final moments have been ticked off this week. The main one being sports day. The whole class were involved in running the mornings events and were fantastic in ensuring that the event ran smoothly. It was great to see the class organising the events, helping the younger pupils and being supportive to all the younger pupils in the school. Well done to them all.

We are now only 2 weeks away from our class performance of treasure island. The class have been working hard to learn lines and songs. I will be sending out a letter in the coming days about costumes so please hold off from buying anything just yet! The other thing to note is, I have had to change the date for the performance from Wednesday 8th to Tuesday 7th July. Hopefully you are still able to make either of the 1:30 or 6:00 showings.

Another thing coming up will be the sats results will be available to us to download on the 7th July. I will be sending out a separate letter about this to make you aware of the process we go through to give the children their results and helping them understand what they mean.

What we're learning this week:

English: Bude Letters

Maths: mini projects

Science: healthy lifestyle

PE: Athletics

Teachers awards this week:

Star of the week: Nathan

Awards:

- Kaya
- Shane
