Willow Class Newsletter

It's been a strange week! Hopefully by the coming week temperatures and school will be back to normal.

On the days that we were in school Willow class coped really well with the restrictions we had to put in place for play and lunchtime and were able to enjoy some time outside. Luckily Willow classroom is not too hot, and we were able to carry on with our learning without too much disruption.

On Monday and Tuesday we finished off the maths assessments we needed to get done and the children did really well. We also redid our Spelling Fish which we have sent home in PACT folders. It was great to see the home learning activities that the children completed over the two days we were unable to be in school.

Behind the scenes I have been busy for the last few weeks writing reports for the children and look forward to sharing these with you. I always enjoy reflecting on each of the children individually and thinking about the journey they have been on this year.

On Thursday of this coming week the children will get the chance to spend the day in their new classroom. They are lucky to be moving into one of the biggest classrooms in the school. They will get to work with Jenny that day. They actually worked for a session with Kate this week as I was needed to attend a meeting so they will have spent time with both of their new teachers.

I hope you are all enjoying the cooler weather.

Best wishes

Alison, Lucy, Hannah, Sarah, Natalie, Mel, Tim

Homework

Reading – This term we will continue to send home a reading book every Monday and Thursday. Please read these with your child focussing on their use of sounding words they do not know. Remember to record in the reading record book when you read with your child. During our assessment week we will also begin to assess children ready to use AR reader in KS2

Spelling: As well as Spelling Fish we have also been working on what happens to a word when we add a suffix – taking off an e (Make - making), Changing a y to an I (happy – happiness) and doubling letters (hop – hopping) Any practise of this at home would be great to imbed this knowledge.

Times Tables – Times Table Rockstars is great to practise skills.. Practise of counting in 2s, 5s and 10s will also support the children.

Dates:-

Monday – Mike's Meadow for playtime

Wednesday pm- Natalie PPA cover.

Wednesday and Friday – PE Kits.

Thursday – Shuffle Up Day into Year 3
