This week's learning...

Our Stone Age to Iron Age trip

It was hot, but it was fabulous! The day began with us exploring West Kennet Long Barrow. We then hopped back on the coach and headed to Avebury where we found a shady spot for our picnic lunch. Avebury was formed using 100 huge stones (some weighing as much as 15 elephants!), 30 still remain today and they provided the perfect culmination discussions for our term's history topic.

P.S.H.E

This week we have learning about changes outside and inside the body. This has involved discussions about babies, puberty and changing emotions. .

PE. days and dates:
