

Hazel Class Newsletter

Date: Monday 19th October

Dear Parents and Carers,

Maths

In Maths this week, we have been focusing on column subtraction. The children worked hard to secure their methods and build confidence when solving increasingly challenging calculations. As the week progressed, they applied their skills to more difficult questions and word problems, showing great perseverance and resilience. It has been wonderful to see the children becoming more accurate and independent in their subtraction strategies.

Writing

In Writing, we have been exploring the features of a finding tale. The children examined the structure of this type of story and identified the different parts that help make a finding tale successful. We also focused on ambitious vocabulary and discussed how authors carefully choose words to engage the reader. This understanding will be important as the children begin planning and writing their own finding tales in the coming weeks.

PE

The children thoroughly enjoyed playing bench ball in PE this week. Through the game, they developed their throwing and catching skills as well as their teamwork and communication. It was fantastic to see the children encouraging one another and working together to achieve success.

Parents' Evening

It was lovely to talk with so many of you at Parents' Evening last Thursday. I always value the opportunity to celebrate the children's successes and discuss their progress with you. I look forward to meeting with more families at next Tuesday's Parents' Evening. Thank you for your continued support.

Best wishes,

Sarah
