This week in Oak Class

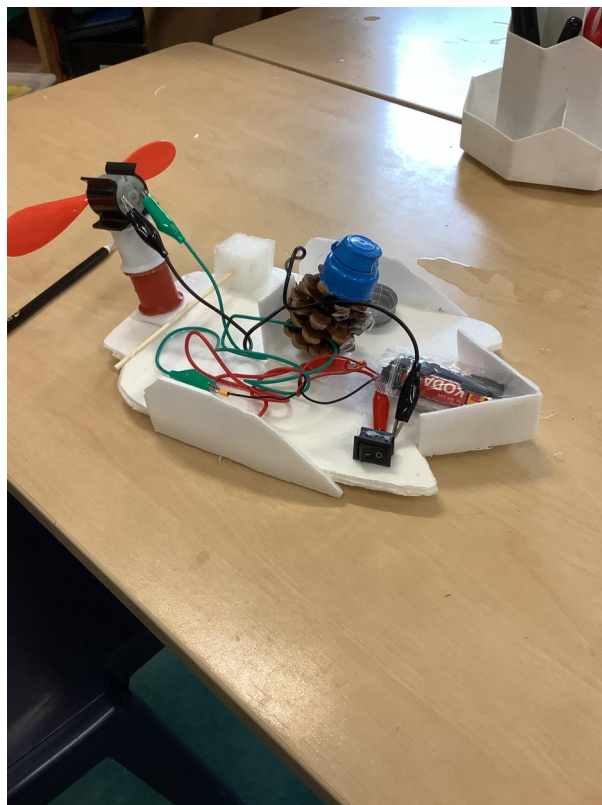

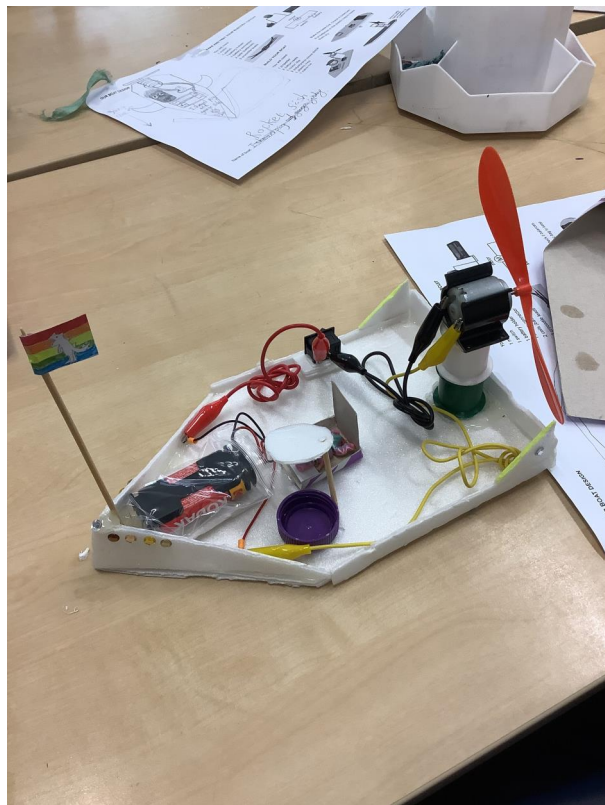

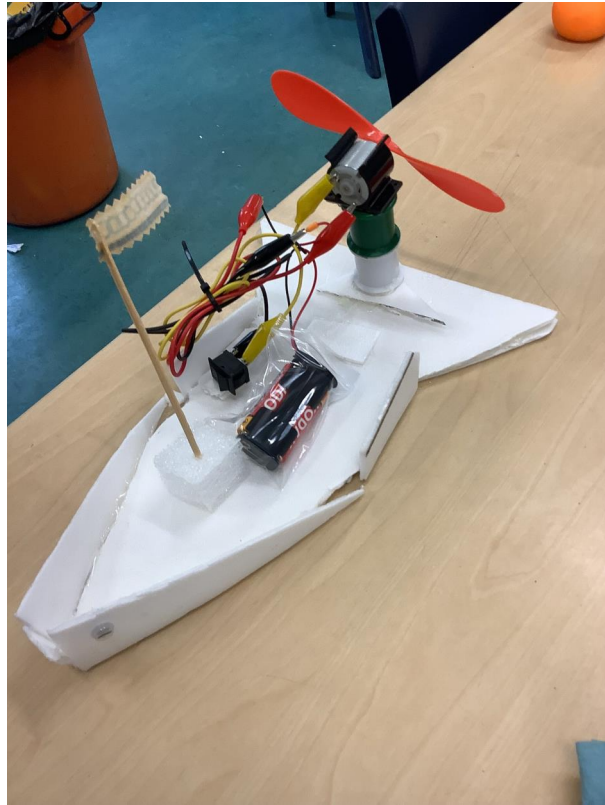

STEM Project: Fan Boats

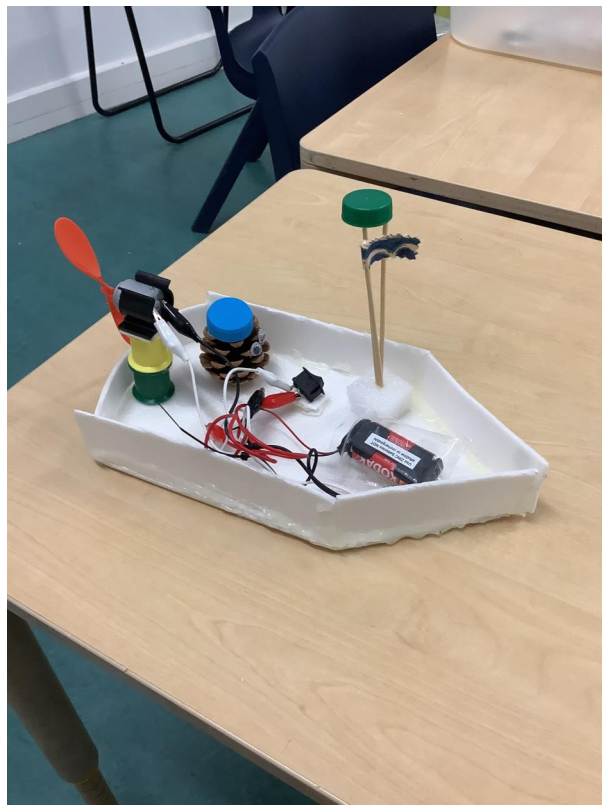

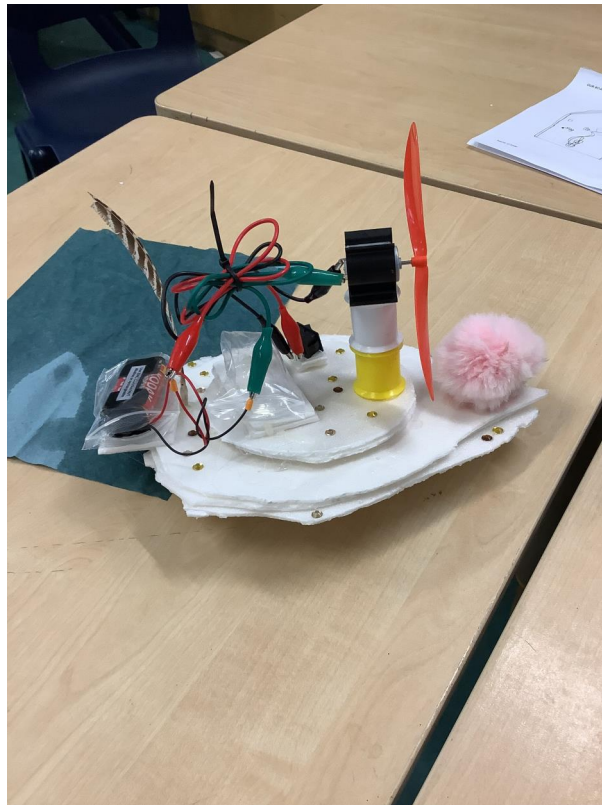

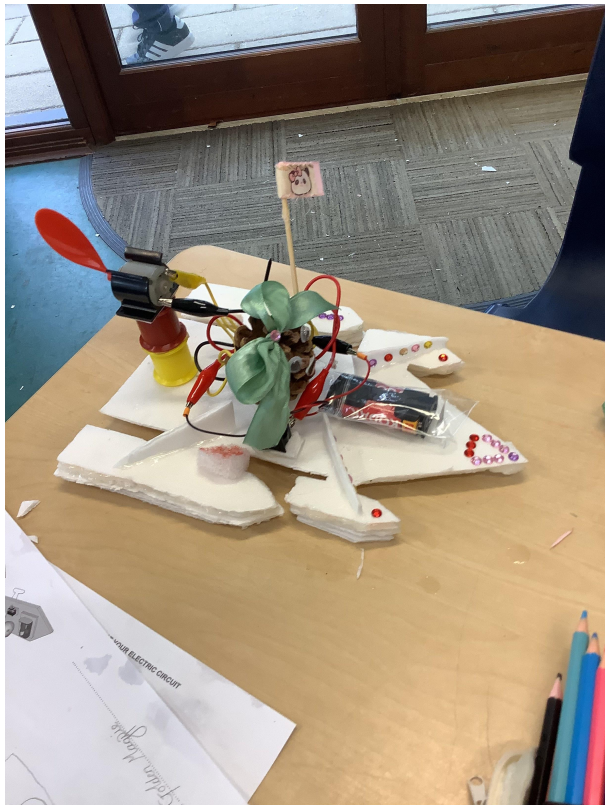

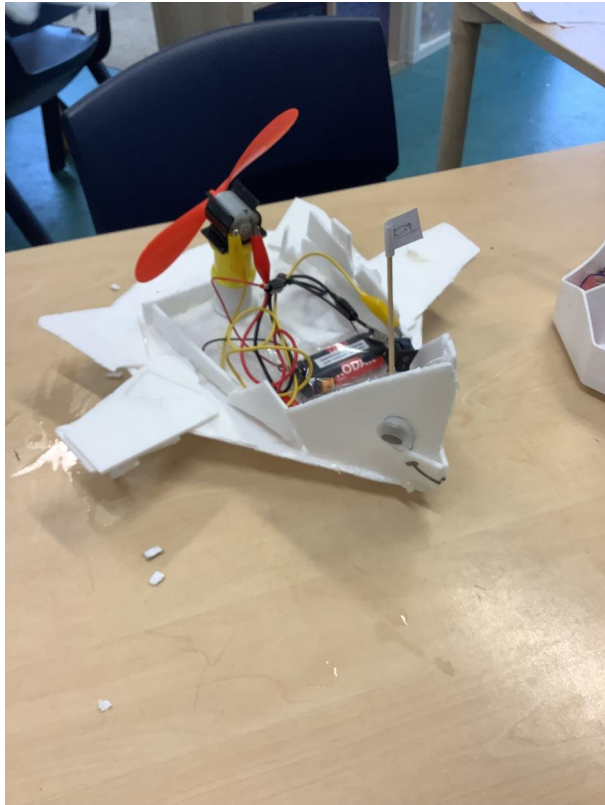

This week we were lucky enough to have Catherine and Andrew two local STEM ambassadors in to work with the class. Both of them use to be engineers and have worked on lots of complex projects. They worked with Oak class this week to help them design, test

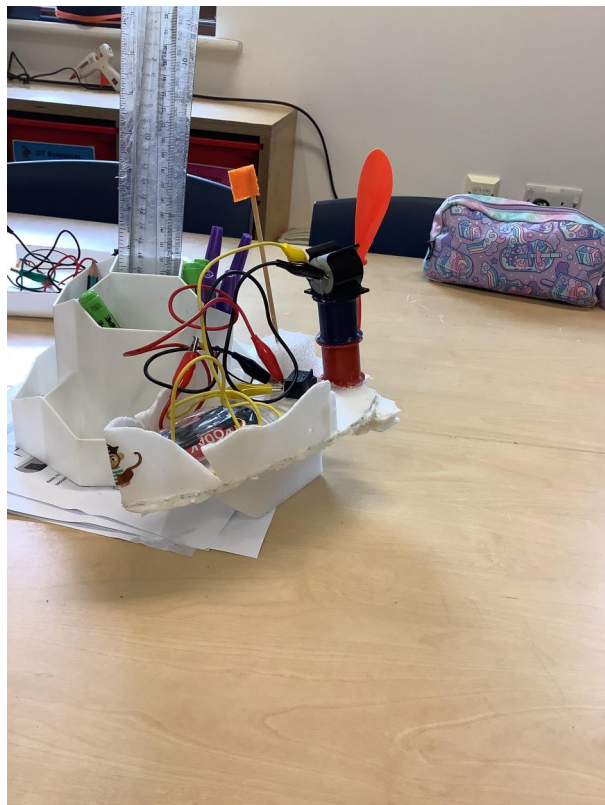

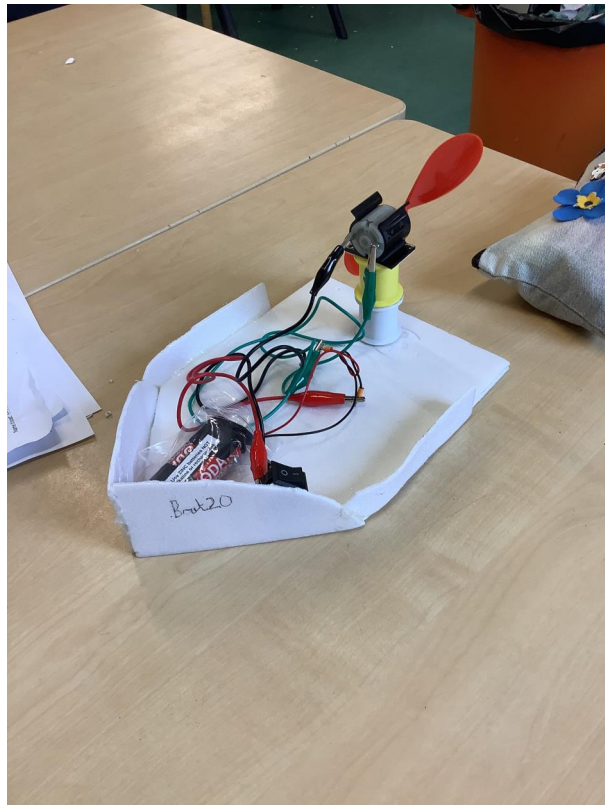

and build a Fan boat. The pupils were able to create their own design and build a prototype to see if it worked, make and adjustments before building the real thing. They then decorated and raced their boats against each other. It was a fantastic day with lots of team work and problem solving.

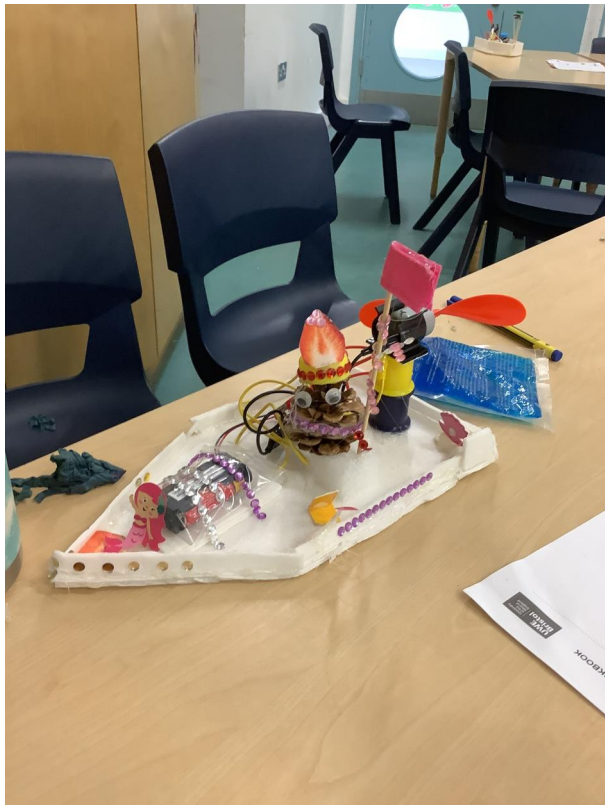

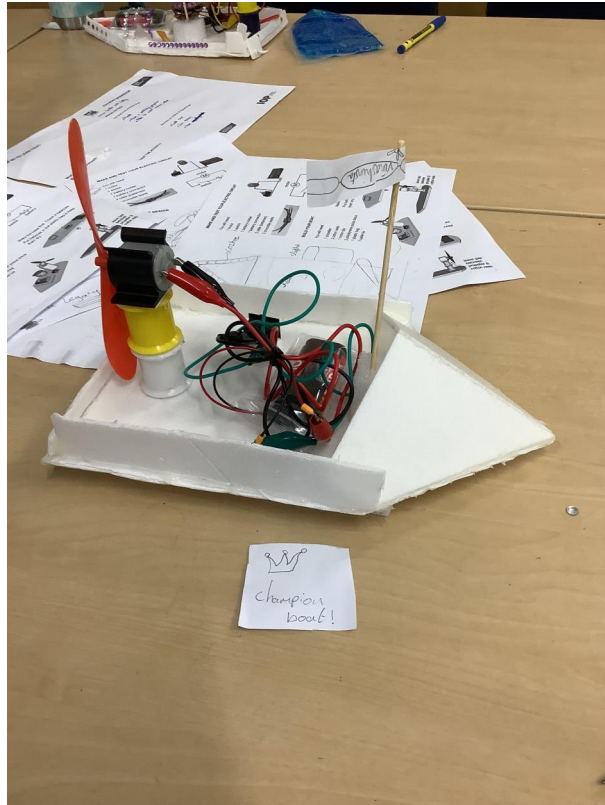

Teachers Awards

This weeks teachers awards are for:

Ishmael

George

For showing great teamwork skills during our Fan Boat project

What we have been learning this week

English: First person recount

Maths: Adding and subtracting (Including decimals)

Key Dates

Harvest Festival 7th October 9:30

Tag Rugby Festival 8th October - Avon rugby club

Hello Yellow 9th October

Parents Evening 15th and 20th October

Other Messages

Just to make you aware that in the mornings I will now be at the classroom door rather than out on the playground. This is to ensure that the class are coming in and settling in first thing in the morning. If you need to speak to me, please feel free to meet me in the foyer or send an email to the office.
